

PRESS RELEASE

30th July 2021

## **ESCP London Campus Receives 2021 RoSPA Silver Award for Health and Safety Achievements**

[ESCP Business School London Campus](#) is celebrating its internationally-recognised award for demonstrating high health and safety standards from the Royal Society for the Prevention of Accidents (RoSPA).

ESCP London received a RoSPA Silver Health and Safety Award for working hard to ensure its staff and students experience a safe working environment. This is a testimony to the School's thorough management of all sanitary measures during the Covid-19 pandemic. The award recognises the Campus' performance during the period of 1st January to 31st December 2020.

Organisations receiving a RoSPA Award are recognised as being world-leaders in health and safety practice. Every year, nearly 2,000 entrants vie to achieve the highest possible accolade in what is the UK's longest-running H&S industry awards.

RoSPA's live virtual Awards Ceremony will be held on Thursday, 9th September 2021.

### **Testimonials:**

Sophie-Hermine Bertrand, ESCP's London Campus Director of Finance & Operations said:

"It is an honour for ESCP Europe Business School to receive the 2021 Silver Award from the Royal Society for the Prevention of Accidents (RoSPA) after a truly challenging year. The School wishes to thank the RoSPA jury for their assessment of the School's dossier and evidence produced to support the School's application.

"2020 and the first half of 2021 have been of an extraordinary nature for the School. As for all educational settings, the Health and Safety of all of our students has always the School's utmost priority, but dealing with the 'unknown' and its associated daily threats definitely tested the School's resilience and innovation as well as its ability to handle complex Health and Safety challenges. The School mobilised all of its resources following Government guidelines, designing, testing and monitoring relevant management plans which contributed to everybody's safety and, ultimately, record low levels of cases when compared to similar institutions.

“The School now positively looks forward to capitalising on the learnings of the past 18 months and to returning to some form of normality in September 2021!”

Julia Small, RoSPA’s Achievements Director, said:

“The RoSPA Awards scheme is the longest-running of its kind in the UK. It receives entries from organisations across the globe, making it one of the most sought-after achievement awards for health and safety worldwide.

“RoSPA is very proud of the achievements of its entrants, and with this award we recognise the best of the best: those organisations that have gone the extra mile, raising the bar for the delivery of safety in the workplace. Employees, wherever they may be, should be able to go to work safe in the knowledge that they will return home unharmed and healthy at the end of every day.

“Our RoSPA Award winners are central to achieving this goal. By entering they are driving up standards and setting new safety benchmarks for organisations across the world. Currently, around seven million people are directly impacted by the RoSPA Awards, but the scheme’s global influence is even wider – with nearly 2,000 organisations from 46 countries represented this year.

“I particularly want to thank our main sponsor NEBOSH, the National Examination Board in Occupational Safety and Health, for their continued support for the 16th consecutive year.”

### **About ESCP Business School**

ESCP Business School was founded in 1819. The School has chosen to teach responsible leadership, open to the world and based on European multiculturalism. Six campuses in Berlin, London, Madrid, Paris, Turin and Warsaw are the stepping stones that allow students to experience this European approach to management.

Several generations of entrepreneurs and managers were thus trained in the firm belief that the business world may feed society in a positive way.

This conviction and ESCP's values - excellence, singularity, creativity and plurality - daily guide our mission and build its pedagogical vision.

Every year, ESCP welcomes 8000 students and 5000 managers from 122 different nationalities. Its strength lies in its many business training programmes, both general and specialised (Bachelor, Master, MBA, Executive MBA, PhD and Executive Education), all of which include a multi-campus experience.

It all starts here.
