PRESS RELEASE

ESCP Europe Business School recognised in the Office for Students (OfS) register of higher education providers in England

On 22nd August 2019, [ESCP Europe Business School](#) was listed on the Office for Students (OfS) Register as a registered higher education provider in England.

The [Office for Students](#) (OfS) is the independent regulator of higher education in England. Its aim is to ensure that every student, whatever their background, has a fulfilling experience of higher education that enriches their lives and careers. OfS has a responsibility for promoting fair access to higher education and protecting students' interests.

The OfS recognition of ESCP Europe as a registered provider is evidence of its continued effort and commitment to excellent teaching standards and care for students' experience and welfare at the School.

Being registered with the OfS is contingent upon a HE institution's meeting rigorous standards in various areas and demonstrating that it:

- ✓ provides well-designed courses that deliver a high-quality academic experience for all students
- ✓ supports students from admission through to completion
- ✓ ensures students' outcomes are valued by employers or enable further study
- ✓ awards qualifications that hold their value over time, in line with recognised standards
- ✓ pays regard to guidance about how to comply with consumer protection law
- ✓ has the financial resources to provide and deliver the courses advertised
- ✓ has the management and governance arrangements necessary to provide and deliver the courses advertised.

Student Protection Plan

All HE providers registered with the OfS are required to publish a Student Protection Plan setting out the risks of course, campus or provider closure and how it will protect students' interests in such an event. Read [ESCP Europe's Student Protection plan](#).

Professor Simon Mercado, the London Campus Dean said: "The School is delighted to join the list of registered HE providers in the UK. We look forward to working with the OfS to ensure that students at our institution enjoy the fullest possible benefits of our new status."

Florence Mele, Director of Programme Administration, Quality and Standards said: "ESCP Europe is the first French higher education institution to be registered with the OfS. This is a significant achievement for a foreign institution and a point of great pride for us. It demonstrates our ability to adapt and comply with international quality standards and our continuous commitment to providing the best international education to our students."

The main contact for enquiries relating to ESCP Europe's Office for Students Registration is Florence Mele, Director of Programme Administration, Quality and Standards (UK): fmele@escpeurope.eu

About ESCP Europe

Founded in 1819, ESCP Europe has produced generations of leaders and entrepreneurs. With its six urban campuses in Berlin, London, Madrid, Paris, Turin and Warsaw, ESCP Europe's truly European identity allows it to offer a unique multicultural education style in the field of business and a global view in International Management issues. Each year, ESCP Europe welcomes over 6,000 students and 5,000 executives from more than 120 different countries, providing them with a comprehensive offer of Management courses and specialised programmes (Bachelor, Master, Executive MBA, PhD and Executive Education). ESCP Europe is included among just 1% of business schools in the world that possess the Triple Crown Accreditation (AACSB, AMBA and EQUIS).

ESCP Europe Business School (London) is the Winner of the [Times Higher Education UK Business School of the Year Award 2018](#).

About the ESCP Europe Bicentenary

A pioneer for the past 200 years, ESCP Europe can be proud of a large number of innovations (the "case method", the gap year) that have been successfully adopted all over the world. Today it is the only pan-European school, with six campuses in Berlin, London, Madrid, Paris, Turin, and Warsaw, and an associated campus in Luxembourg. Beyond celebrating 200 years of a model that we invented, the whole ESCP Europe community participates in its redesign to implement the world of tomorrow. Throughout the year, hackathons, videos and blogs, conferences, Bicentenary Talks, and the unique European Festival Tour will collectively invent the Business School for the 21st Century. The events will take place on all Campuses and involve all parts of the School's rich international community: Faculty, companies, students, alumni, and academic partners.
