PRESS RELEASE

ESCP Business School's Master in Finance ranks 2nd worldwide in Financial Times ranking

For the fourth year in a row, ESCP Business School's Master in Finance has been ranked 2nd in the world in the Financial Times annual global ranking.

Taught in French and English at both ESCP's Paris and London campuses, the programme is number 1 in the UK. This reaffirms its position as the best finance course in London.

The programme also ranks 1st worldwide for its international experience and careers service.

In addition, an impressive 100% of programme alumni are known to be employed after three months of graduation and 97% confirm 'aims achieved'.

This ranking recognises the programme's international position as well as the technical and professional dimensions that help establish its cutting-edge reputation.

Frank Bournois, Dean of ESCP, says;

"As a flagship of the ESCP unique model, the Master in Finance programme trains students from different countries and backgrounds: engineers, doctors, pharmacists, lawyers, social and political studies... With many nationalities represented, they constitute a multicultural promotion which enriches exchanges and group work."

Professor Philippe Thomas, Academic Director of the Master in Finance, adds;

"Our goal is to train experts capable of evolving rapidly to the needs and challenges of a globalized world. By associating academic expertise with the best professional practices, thanks in part to strong partnerships with top financial institutions, we set our students up for success in Investment Banking, both in Financial Markets and Corporate Finance fields."

ABOUT ESCP BUSINESS SCHOOL

ESCP Business School was founded in 1819. The School has chosen to teach responsible leadership, open to the world and based on European multiculturalism. Six campuses in Berlin, London, Madrid, Paris, Turin and Warsaw are the stepping stones that allow students to experience this European approach to management.

Several generations of entrepreneurs and managers were thus trained in the firm belief that the business world may feed society in a positive way.

This conviction and ESCP's values - excellence, singularity, creativity and plurality - daily guide our mission and build its pedagogical vision.

Every year, ESCP welcomes 7100 students and 5000 managers from 120 different nationalities. Its strength lies in its many business training programmes, both general and specialised (Bachelor, Master, MBA, Executive MBA, PhD and Executive Education), all of which include a multi-campus experience.

It all starts here.
