Key historical dates

1819

On 1st December, **the World's First Business School** is established by a group of economic scholars and businessmen in Paris. Even at its debut, ESCP Europe had a **Global Perspective**, with one third of its students coming from international backgrounds.

1973

On 5th April, the concept of ESCP Europe as a multi-campus business school is born. Inaugurations of campuses in the United Kingdom and Germany soon follow. This landmarks the School's deep **European Identity**.

1988

The School expands its borders once again by opening its 4th campus in Madrid.

2004

ESCP Europe enters Italy with its 5th campus in Torino.

2015

The School opens a 6th campus in Warsaw.

2018

In January 2018, ESCP Europe adopts the new statute of EESC (Etablissement d'Enseignement Supérieur Consulaire) and becomes the only management school with pan-European executive and non-executive governance.

ESCP Europe a unique mindset

Prof. Frank Bournois

Executive President & Dean of ESCP Europe

Our mission: to inspire and educate tomorrow's international business leaders

To make an impact on the world, tomorrow's business leaders must necessarily develop an **analytic** mindset, a **creative and smart** problem-solving approach and an **intercultural**-based understanding of management in international companies and institutions.

Established in 1819, ESCP Europe is the oldest business school in the world. With its **six urban campuses** in Berlin, London, Madrid, Paris, Turin and Warsaw, ESCP Europe is rooted in the credo of a Europe open to the world: developing and delivering **multidisciplinary** teaching content, designing **systematic multicampus academic paths** in all programmes, and remaining faithful to its **humanistic** values.

Our unique multicampus positioning confers us the know-how to recruit **excellent students from all continents**, no matter their background, to collaborate with the **most innovative and dynamic international companies** and to develop partnerships with the **most influential academic institutions**: business, engineering, diplomatic or design schools, extending the School's reach from European to worldwide.

The School's **50,000-strong alumni** network includes influential members representing 200 nationalities.

ESCP Europe trains international leaders to design the world of tomorrow.

a unique European governance

ESCP Europe is run by a European Board of non-executive Directors, chaired by Philippe Houzé, Executive Chairman of the Galeries Lafayette Group.

Philippe Houzé

Chairman of the Board of ESCP Europe

The Board of Directors is composed of representatives of the Chamber of Commerce and Industry Paris IDF - ESCP Europe's main shareholder and the most important Chamber of Commerce in Europe -, of the Foundation, the Alumni association, the campus, the faculty, staff and students.

The School has a matrix structure of management with federal Directors, responsible for European functions and overall unity, and Campus Directors, responsible for a local campus and its development.

Two Executive Vice Presidents assist the Dean: Prof. Léon Laulusa (Academic and international affairs) and Etienne Desmet (Executive Education, Secretary general and Transformation projects).

European Leaders

Start@Europe: Involving our students in the functioning of Europe

Start@Europe is a seminar gathering 1st year Master in Management students in the **European Parliament Hemicycle in Brussels** for a **full-scale simulation exercise** allowing the students to explore the **European democratic process** in their roles as deputies, stake holders or members of the Commission or the Council.

Commitment to Europe with the Jean Monnet module in the Bachelor (BSc) in Management

In 2016, Professor Ben Voyer, then Associate Dean for Undergraduate studies, was awarded funding from the European Union Erasmus+ agency, to deliver the **Introduction to European Business and Administration courses** as part of the Jean Monnet module scheme. This scholarship is given to programmes **that highlight the role of the EU in higher education institutions.**

To design **the world of tomorrow**

The Annual Entrepreneurship Festival: Prototyping Tomorrow's Companies

The Festival is **one-day, five-campus event** transforming ESCP Europe into **a school of entrepreneurship**. An audience of more than 2,000 students, entrepreneurs, investors and potential customers are offered **conferences, a start-up village, workshops, and networking events**. Visitors exchange ideas, sharing their views on their experience, their own **startup projects**, on the success factors and pitfalls of **being an entrepreneur** and on the **future of entrepreneurship**.

The Sino-French House of Innovation

In June 2018, Professor Leon Laulusa, Executive Vice President of ESCP Europe, was part of the **delegation accompanying French Prime Minister Edouard Philippe in China**. An agreement was signed with Professor Yang Bin, Vice President of Tsinghua University, to launch a **Sino-French House of Innovation**.

The **SFHI (Sino-French House of Innovation)** is evidence of the convergence of both partners' interests: in the field of innovation, **France's ambition to leadership in Europe** echoes **China's strive to world leadership**.

6 urban campuses

BERLIN

The Berlin campus is situated in the western part of the city centre, near the Charlottenburg Palace and its splendid gardens. Berlin is a fast-growing city characterised by a rich multifaceted economic structure and culture.

LONDON

Located in West Hampstead in northwest London, this campus offers students state-of-the-art facilities in a traditional Victorian building.

MADRID

Located only a couple of metres away from the National Park of Monte del Pardo, the Madrid campus is an ideal place for students to focus on their professional development.

PARIS **République & Montparnasse**

The Paris sites are conveniently located in the centre of the city. They enjoy easy access to all of the Capital's major business districts.

TURIN

The Turin campus is located in a beautiful building with modern facilities. Turin is one of the main business centres of the Italian economy and home to many architectural masterpieces.

WARSAW

Our campus is based at Kozminski University, located in Warsaw's northeast district of Praga Północ. It is one of the city's most historic neighbourhoods.

Berlin

DESIGNING TOMORROW

Prof. Dr. Andreas Kaplan
Berlin Campus Dean

City of Berlin

With its unique history and culture, the German capital has become a symbol for both European life and international outlook – and is of course famous for its diverse economy. With its 3.5 million inhabitants and around 40,000 more coming every year, Berlin is a fast-growing city which offers a high quality of life at a relatively low cost of living.

Cultural Variety

Berlin is a multicultural city with more than 180 different nationalities represented there (2015). They shape the character of the city, imbuing it with cultural flair and variety. Many global players also have a subsidiary in Berlin, e.g. Google, Amazon, EY, PwC, Siemens, Bombardier Transportation and Total S.A.

The Economic Factor

Berlin is characterised by a rich multifaceted economic structure, from industrial companies with a long tradition and strong medium-sized companies to a very dynamic services sector as well as innovative IT and high-tech companies. Today, Berlin is especially known for its vibrant start-up culture, and for its creative industry; it has become an important media centre.

Study in **Berlin**, one of the most innovative and creative cities.

Lifestyle

People value Berlin for its pulsating scene and night life as well as for its spacious parks and bohemian quarters. They enjoy its numerous “beer gardens” and savour the wide variety of restaurants, coffee shops, markets, museums, theatres and concert halls.

The Campus

ESCP Europe’s Berlin campus is located near one of the historical centrepieces of the city, the Charlottenburg Palace. Throughout the year, there are events and conferences on the latest business issues. ESCP Europe is a state-recognised university in Germany.

DESIGNING TOMORROW

London, a truly multicultural experience in the heart of a vibrant city.

Prof. Simon Mercado

London Campus Dean

International Social Scene

ESCP Europe is a unique school that attracts students and academics representing more than 100 nationalities to our London campus. Students live and study in an exciting and vibrant city in the centre of a truly multicultural environment.

The Location and Campus

Located in West Hampstead in north-west London, ESCP Europe's UK campus offers students state-of-the-art facilities in a traditional Victorian building. The bright city lights and the business community are only a tube ride away, while the fashionable area of West Hampstead offers a broad cultural experience away from the hustle and bustle of inner-city life.

Career Opportunities

Students benefit from our strong connections in major industries, and we play an essential role in our students' lives by expanding and nurturing the skills vital for their future careers.

DESIGNING TOMORROW

Prof. Javier Tafur
Madrid Campus Dean

From Puerta del Sol and the Plaza Mayor to the Plaza de España, Malasaña, Chueca and the Bernabeu football stadium, it's not just the sheer size of the city that makes it stir. It's the madrileño attitude - a love of socialising, cultural flare, and the warmth of its people. Every corner you turn reveals something to surprise and delight you.

International Environment

Madrid is home to some of the best business schools in the world, offering a diverse and international community that provides a chance to study alongside students from around the world. It is also one of the most affordable cities for students in Europe.

Launch your Career

Known as a hub of industry and innovation, the Spanish capital is one of the leading financial centres in Europe, offering great opportunities for students to establish professional contacts and gain relevant experience. At ESCP Europe we strive to keep pace with the changing demands and trends of the economy, embracing new technologies and innovation to meet the needs of both students and future employers. Our aim: to enhance employability. We work with top-notch companies like Deloitte, EY, PwC, Ferrovial and Accenture, among many others. We are committed to offering our students the best internships, and our partner companies the most talented trainees.

**Cosmopolitan,
sophisticated,
bustling,
energetic,
vibrant.**

Madrid
**is full of energy
as only a capital
city can be.**

The Campus

Located only a couple of metres away from the National Park of Monte del Pardo, the Madrid campus is inside the M-30 urban ring and very well connected with the city centre. It is an ideal place for students to focus on their studies and professional development.

A short bus ride will take you to the city centre to enjoy everything a capital like Madrid has to offer.

A Legendary City

Legendary capital of fashion, business incubator and number one tourist destination worldwide, Paris is defined both by innovation and tradition. The city is a constant invitation to discover its monuments. With its architecture, museums, gastronomy, theatres, fashion shows and trendy shops, Paris offers the largest concentration of attractions.

An Attractive Place to Study

Many fairs, trade shows, international congresses and events are held in Paris. The campus is literally at the crossroads of new economic and societal trends shaping the future of the French capital.

A Key Location to Launch your Career

Paris offers a global economic environment to international companies as well as to smaller ones. Entrepreneurial spirit is encouraged by the facilities and extensive network of connections offered. The Paris campus is an active player with its incubator and hub for student start-ups.

La Défense, a Major Business Hub

La Défense is the first European business district which is home to more than 2,500 companies and provides extensive career opportunities for ESCP Europe graduates.

Paris, where history meets innovation for an unforgettable experience.

One Campus - Two sites

The Paris campus République site is situated downtown in the 11th arrondissement, in the heart of Paris. Steeped in nearly two hundred years of history, it is the largest of the six campuses and hosts the largest number of Faculty and students. The building is classified as a historical monument. With extensive campus facilities, a strong sense of school spirit and community prevails.

The Paris campus Montparnasse site has modern infrastructures and is fully equipped to offer students and executive education participants the best experience.

Dynamic

Turin is the dynamic and attractive capital city of Piedmont. It's a lively city that knows how to renew itself and look to the future. It has become a fresh, smart, modern and open-minded hub of all that is European.

Internationally Appealing

Turin attracts many international students by offering a wide range of higher education opportunities, schools and universities among the most prestigious in the world.

Business Centre

The territory is the cradle of many important Italian companies, such as Accenture, Avio, Caffarel, Comau, Ferrero, Intesa Sanpaolo, Lavazza, Martini & Rossi, Reply, Robe di Kappa, Unicredit, all of which (among many others) are available to recruit our students.

Italian Lifestyle

Turin has plenty of exciting places to visit and hosts lots of events and international cinema, art and music festivals. The city has a rich culture and history, and is renowned for its palaces, art galleries, restaurants, churches, theatres, libraries, squares, gardens, museums and other venues. All this makes it one of the world's top "Places to Go" according to the New York Times in 2016.

Why **Turin** should be the next step in your post-graduate training and career.

The Affordable Choice

Compared to other Italian and European cities, as far as cost of living and access to services go, Turin is not only an enjoyable city, but also a worthwhile choice from an economic point of view.

The Campus

The student headquarters is located on the premises of the main building of the University of Economics of Turin. The Turin campus has strong relationships with a number of Italian and international companies that contribute to its governance.

ESCP Europe **programme portfolio**

ESCP Europe's portfolio is composed of general and specialised management degree programmes, open and customised executive training courses, and its PhD programme.

Our general management degree programmes give a sound overview of the different areas of management education (such as finance or marketing) and include the Bachelor in Management, the Master in Management, the MBA in International Management, and the Executive MBA.

Our specialised degree programmes cover a variety of different areas: core business subjects such as strategy, but also more transversal topics such as media management, or innovation and entrepreneurship. Our specialised management programmes are offered as full-time masters, or part-time executive specialised masters for participants who are further advanced in their careers and prefer to continue working throughout their studies.

Alongside these degree programmes, ESCP Europe also offers several Executive Education programmes and short courses divided into Open and Custom programmes. Open programmes invite participants from different companies to learn together on a wide range of business topics. Custom programmes are exclusively designed according to the needs and preferences of a specific company.

Bachelor in Management (BSc)

ESCP Europe's Bachelor in Management programme was launched in September 2015.

MBA in International Management

The MBA in International Management is designed for young professionals, as a one-year, two-country intensive full-time general management programme with a strong cross-cultural approach. It provides an excellent connection to the world of business, a solid foundation for an international career and a tremendous experience for personal and professional development. In a fast-changing world, cultural and emotional intelligence and business acumen are essential characteristics of agile leaders. Boosting creativity and problem-solving abilities in multicultural teams will prepare students to be future shapers of international business, while creating value for themselves and the companies they create or join.

OBJECTIVES

To enable participants to take on major responsibilities at an international scale by providing:

- a comprehensive expertise in management techniques and methods
- a deep understanding of economic and cultural realities in at least two countries
- the ability to show flexibility and mobility, as well as open-mindedness and decisiveness
- the capacity to work in multicultural groups

PROFILE

- A previous Bachelor or Master degree, Maîtrise, Licenciatura, Laurea Magistrale or equivalent in any discipline
- A minimum of 3 years' work experience
- Applicants with less experience who demonstrate exceptional maturity and outstanding leadership through their professional and personal experiences will also be considered.
- Proficiency in English: IELTS 7, TOEFL 100 or Cambridge C1/C2

CURRICULUM

3 years – 3 countries – 3 languages

- 1 year, full-time programme
- 2 countries of your choice in Europe
- Locations include the 6 ESCP Europe campuses
 - 1st semester: London, Paris, Turin
 - 2nd semester: Berlin, London, Madrid, Paris, Warsaw
- Core courses
- 4 electives selected from a portfolio of more than 20 on our 6 campuses and partner ESA in Beirut
- 2 Company Consultancy Projects
- Personal development workshops

Course duration and intake

Annual intake in September

Classes start mid-September and end mid-July.

After classes finish in mid-July, students choose between entering the job market directly or completing a 6 month internship.

The official academic calendar is published in January for the following September.

Specialised Masters and MSc

Specialised Masters (MS) and Masters of Sciences (MSc) are intensive career-oriented programmes designed for people who already know which field they want to focus on and need to acquire specific skills and sector knowledge in order to successfully compete for the best opportunities in the field they have chosen.

Our goal is to shape experts able to evolve easily and rapidly in an international market. The "Full-Time Intensive" nature of those programmes enables students to access immediately, after a short but dense education, managerial positions.

Our programmes are very internationally-oriented with seminars or classes that take place abroad by foreign teachers and professionals.

- Approximately 1 year full-time programmes
- Dynamic programmes, founded on an excellent academic and professional education: real-life cases, group projects, conferences, seminars, meetings with professionals and graduates from the master; programmes truly anchored in the reality of the corporate world.
- 40 different nationalities: multicultural classes which enrich exchanges and group works.

Master of Science (MSc)

- Approximately 10 months of classes
- Internship of 3 months minimum
- Professional thesis on a topic of the student's choice
- Taught entirely in English
- Taught in 2 different countries

Specialised Master (MS)

- 6 months of intensive courses

Doctoral Programme

ESCP Europe offers a Doctoral programme in Paris and in Berlin. Both programmes provide the fundamental skills necessary for an academic career as a higher education professor and researcher through general coursework, theoretical and methodological specialisations, as well as intensive pedagogical training. Joint seminars bring together students from both campuses.

Since September 2012, the ESCP Europe Paris Doctoral programme is part of the Ecole Doctorale de Management Panthéon-Sorbonne, allowing students to get a doctoral degree in Business Administration.

The Berlin Doctoral Programme delivers the diploma of "Doktor der Wirtschaftswissenschaften ESCP Europe"

The programmes are designed to foster:

- active participation of Doctoral students
- flexibility through tracks tailored to each student's needs
- integration of Doctoral students into national and international networks

PROFILE

Applicants must hold a Master degree

Course duration and intake

3 years, starting in September

Tuition fees*

Paris Doctoral Programme

- Please consult our website for full details. In addition to any funding for which students may be eligible, ESCP Europe grants financial assistance (waiving of tuition fees plus a scholarship) based on students' personal resources and particular circumstances.

To prepare for their future role as professors, PhD students have the option to teach within the School's programmes to complement their research position. This teaching experience, under the guidance of a tutor, is an integral part of the scholarship holder's doctorate.

Berlin Doctoral Programme

- For external Doctoral students, an annual fee of applies

Please consult our website for full details.

- For internal students, one of the entry conditions for the Doctoral programme is that all students actively participate as research assistants in the development of the School through teaching, research projects and the development of programmes.

General Management Programme (GMP)

The primary objective of the General Management Programme (GMP) is to provide participants with the cross-functional knowledge and managerial skills required to become more effective managers.

The GMP is a part-time programme taught exclusively in English over 9-12 months and may be attended as a stand-alone programme or as part of the Executive MBA*. The programme targets high-potential profiles with a minimum of five years of professional experience.

The programme consists of 9 modules:

- Corporate strategy
- Financial Accounting
- Marketing
- Corporate Finance
- Managerial Economics
- Managing People and Organisations
- Supply Chain Management
- Cost Accounting and Management Control
- Entrepreneurship and Intrapreneurship

The GMP (General Management Programme) is offered in two alternative formats:

- A part-time programme, fully compatible with an executive schedule, requiring a reasonable number of days away from the office (Paris, Berlin-London, Turin, Beirut and Itinerant across 5 campuses), over 9 to 12 months
- A blended format, combining distance learning (for 7 courses) with in-class sessions (2 courses) over 18 months.

**Participants aiming the full EMBA curriculum will need to complete its 10 electives, 5 international seminars and International Consulting Project and may obtain their degree within 30 or 36 months (both tuition fees paid and academic credits obtained will be validated for the Executive MBA).*

“

After working 10 years in a publishing company, first as an Export Manager, then as a Sales Director, I wanted to take my career to the next level, broaden my horizons and manage globally across functions. As I couldn't take too much time out of the office, I chose the 30-month formula to complete my Executive MBA. This allowed me to maintain a high level of commitment in my current responsibilities, while taking full advantage of the programme and developing a stronger network with my peers! ”

Evelyne Magallon, French, GMP - Executive MBA Paris Track

Executive MBA

Singled out by the Financial Times' 2017 Ranking, our Executive MBA ranks #10 worldwide, as well as #1 for Aims Achieved, #2 for Career Progression (with an average 63% increase in salary), and #3 for International Course Experience. The programme is designed for senior managers and executives with a challenging mindset. Five different tracks are offered: Paris, Berlin-London, Turin, Beirut and Itinerant across 5 campuses.

OBJECTIVES

- Decipher the dynamics of modern corporations in an international context
- Develop leadership and people-management skills
- Shape the vision of the business organisation in a multi-country context

PROFILE

- Executives who demonstrate high potential, and have at least five years' managerial experience and a university degree
- Talented, motivated and experienced professionals who strive to learn and are willing to share their knowledge
- Around 100 participants from 32 nationalities and an average age of 37 join the programme each year

CURRICULUM

The Executive MBA consists of:

- 9 core courses (GMP - See page 34)
- 10 electives (to be selected from over 50 specialised courses across Europe)
- 5 international seminars in Europe (Paris, Brussels, Madrid), Asia (Shanghai, Singapore, New Delhi and Ahmedabad) and the Americas (New York City, São Paulo and Rio de Janeiro)
- An international consulting project: a real-case executive analysis in a multicultural team

Open Programmes

Our open enrolment programmes invite participants from different companies to learn together in intensive modules ranging from a couple of days (Impact programmes) to longer periods (Specialised programmes). While the IMPACT programmes provide an introduction to new management techniques, concepts and tools, our specialised programmes aim to increase managers' operational expertise and leadership skills and enable them to perfect corporate management skills.

Impact and Specialised open enrolment programmes cover a wide range of business topics in the following areas:

- General Management, Strategy, International Development, International Business Programme
- Leadership, Change Management, Personal Development
- Finance, Management Control
- Marketing, Communication, Branding, Sales
- Supply Chain, Purchases

Executives who participate in our open programmes benefit from sharing their experiences and learning from other managers working in a wide range of sectors, at companies of all sizes. Our courses are designed to enhance participants' expertise and to encourage them to anticipate when addressing management issues.

While most of the modules take place at our Paris Campus, several are offered at our other campuses.

Customised Programmes

ESCP Europe, known for its excellence in teaching, research and economics expertise, has worked closely with companies for many years. The challenges of the current crisis have made this link all the more vital, and custom training programmes specifically adapted to the needs and strategic challenges of companies have become essential.

OUR ASSETS

- An international faculty, experienced in working with managers and senior executives, whose expertise remains cutting-edge through active research
- Course design that takes advantage of ESCP Europe's six Campuses in Berlin, London, Madrid, Paris, Turin and Warsaw, to give multinationals both a global perspective and the capacity to adapt effectively to local contexts
- Experience Europe and its Business Expertise: custom designed European learning tours with selected city experiences, expertise, and company visits using the resources and networks of our campuses: academic expertise, company links, local ecosystems and art scene. ESCP Europe uses all the local features to build "learning through experience" programmes.
- The possibility to continue on to programmes awarding diplomas and certificates

OUR METHODS

- Clear identification of specific needs through co-creation by the company and ESCP Europe faculty
- A tailored solution of programmes which adhere to the company's values and ensure the development of common managerial practice and performance
- Innovative and interactive teaching methods resulting in an effective balance between theory and practice
- An academic director and dedicated programme team providing ongoing support from the initial audit to the analysis of the results
- Evaluation tools and follow-up which are approved by the company at regular intervals

OUR CLIENTS

Executive Committee members, top executives and managers from the private or state sector undergoing change with a view to improving performance.

Areas of expertise

- Change Management
- Corporate Finance
- Corporate Strategy
- Energy Sector Management
- Entrepreneurship
- Finance, Accounting and Control
- Financial Regulation
- Human Resource Management
- Innovation Management
- Intercultural Management

A Unique **Student Experience**

“It is our responsibility to place students at the centre of our activity, our choices and our decisions, in the interests of their personal and professional careers.”

Prof. Frank Bournois

Executive President & Dean of ESCP Europe.

Student services

The Student Affairs desk is dedicated to accompanying students in everyday life issues and to facilitating international student integration.

Its mission is to create a supportive environment conducive to their well-being throughout their curriculum.

The Student Affairs Offices is a one-stop shop welcoming students, informing, guiding and advising them:

- for day-to-day support (on-campus life, housing);
- social support (scholarships and funding, social and cultural diversity);
- administrative support (medical coverage and insurance, permits, residence and mobility documents for international students, relations with the French administration for formalities).

Student life

A strong sense of school spirit and community is a defining characteristic of ESCP Europe. Involvement in extra-curricular activities and student associations is strongly encouraged; we consider it an essential part of personal well-being and professional development.

Student life on each of the campuses is shaped by the initiatives and activities offered by some fifty clubs and associations which organise networking, and artistic and cultural events, political discussions, sports tournaments, social events, humanitarian activities, etc.

Student life and associations

AGORA

AGORA, the student council elected by the students, plays an important role within the school. AGORA bridges the gap between the student body and the school administration, providing a forum to propose and discuss ideas concerning your life as a student at ESCP Europe.

Student Societies' Board (SSB)

Elected by the students, the SSB organises social events which encourage networking amongst different intakes and nationalities. The Board drives and coordinates the student societies present on all 6 campuses.

Sports clubs and activities

Sports activities have a long tradition at ESCP Europe, and the Paris campus alone offers around 30 different disciplines. London campus students have access to the various sporting facilities at City University, and the Torino campus organises an annual regatta, bringing together both students and alumni.

The ESCP Europe Regatta: Students and Alumni sail together

Call ON'U

A cross-campus organisation which prepares its yearly participation at the NMUN in New York City. Around 4,000 students from top universities worldwide embody diplomats and represent their country in various UN committees such as the Security Council or UNICEF. Members gain a unique experience in the spirit of European and international diplomatic relations.

ESCP Europe Consultancy, alias Junior Enterprise

A student-run business association which works with corporate clients across Europe on a wide range of business ventures. The association attracts business-minded individuals keen to pursue their personal development on genuine business projects.

The ESCP Europe Regatta symbolises what ESCP Europe is all about. Once a year, students from all five campuses, as well as members of staff, faculty and alumni, gather in Italy for a weekend at sea. The event is a unique opportunity to fully exploit the potential of a multi campus school and to strengthen and broaden the group spirit key to the ESCP Europe community.

The ESCP Europe Regatta has become a landmark in the School's sporting, networking and social calendar. Around 350 participants sailed together in 2018, manning over 30 yachts around Ischia, Italy. Working in teams to take first place, the event allows for excellent group bonding and the continued development of team-building skills.

Career **service**

The ESCP Europe Careers Service helps students identify their professional objectives to ensure their career prospects. Located on each of the six campuses, the Careers Service provides students with the advice, data and tools to connect them to companies. ESCP Europe receives 20,000 internship offers and 30,000 job opportunities each year.

Through the Careers Service, students benefit from:

- Career workshops and individual coaching, personality and logic tests to identify strengths and motivations
- Company presentations, seminars, conferences, roundtables and interviews with recruiters
- On-campus generalist and industry-specific job fairs attracting over 130 companies throughout the year
- Bootcamps on Consulting, Banking, Tech and Marketing led by ESCP Europe Alumni on how to be recruited by the leading companies in these sectors.

Promoting an entrepreneurial spirit

ESCP Europe places an increasing value on capturing and nurturing an entrepreneurial spirit: as true for established businesses as for start-ups. Our Chair for Entrepreneurship, created in 2007, was a token of our strong belief that cultivating entrepreneurial spirit is important for all students in all disciplines. In 2018 the **Jean-Baptiste Say Institute** was launched to offer a European academic reference dedicated to entrepreneurial leadership and innovation.

Entrepreneurship courses include the dedicated Specialised Master in Innovation & Entrepreneurship, one of Europe's leading specialized master programmes for creating a start-up.

In the Master in Management programme, the popular 'Option E' entrepreneurship specialisation takes students through the stages of self-reflection and leadership style through the essential business functions (finance, marketing, organisational development etc).

Incubators and accelerators: The School has three 'Blue Factory' incubators in Berlin, Madrid and Paris, as well as an accelerator in Paris. Overall the creation of more than 600 companies was supported since 2007.

Events include real and simulated opportunities for students to pitch their business ideas to panels of investors and experienced entrepreneurs. Highlights are the annual 'Innovation & Entrepreneurship Award' and the 'Made in ESCP Europe' pitching event in Paris. In addition, during the annual Global Entrepreneurs Week, Entrepreneurship Festivals are organised on each of our campuses.

Who are our **Alumni**

Our Alumni are our pride, our link to the past and our key to the future. They are 50,000, of 200 nationalities, and pursue their diverse careers in over 150 countries. Many have an impact on their field, be it traditional or innovative. Here is a small sample.
