**Prof. Dr. Maria Koutsovoulou**  
Associate Dean  
MBA in International Management

### Message from the Dean

The MBA in International Management is a full-time intensive general management programme with a strong cross-cultural approach. It provides an excellent connection to the world of business and a solid foundation for an international career along with a tremendous enriching personal development experience.

The first graduating Class of 2018 has succeeded to use their MBA programme to launch new career paths with 90% of graduates finding employment within 3 months of graduation.

Throughout the academic year, all MBA students at ESCP Europe participate in I-LEAP, a career development programme designed to prepare and assist our students to find their ideal new career. The programme, working closely with the Careers Service and Alumni Association, focus on professional self-knowledge, personal career growth and career goal setting through a variety of mentoring programmes, networking events and individual coaching sessions.

As the MBA in International Management advances, we look forward to future developments to continue to enable our MBA graduates to achieve their professional aspirations.

**48%**  
Change in country

“The MBA in IM offered me the possibility to live and study in two major European cities (Paris and London) and to be part of an amazingly diverse class leading to the most interesting conversations and learning opportunities. This fantastic year was key to bridge my previous experience as a Private Equity analyst investing mainly in Morocco with my new role in EBRD, working in the most diverse environment in London and investing in more than 35 countries.”
