Promoting an Entrepreneurial Spirit

ESCP places an increasing value on capturing and nurturing an entrepreneurial spirit: as true for established businesses as for start-ups.

Our Chair for Entrepreneurship, created in 2007, was a token of our strong belief that cultivating entrepreneurial spirit is important for all students in all disciplines.

In 2018 the JEAN-BAPTISTE SAY INSTITUTE was launched to offer a European academic reference dedicated to entrepreneurial leadership and innovation.

Entrepreneurship courses

are included in the MBA in International Management as a core course and as a Specialisation (optional).

Incubators and accelerators:

The School has three 'Blue Factory' incubators in Berlin, Madrid and Paris, as well as an accelerator in Paris. Overall the creation of more than 600 companies was supported since 2007.

Events include real and simulated opportunities for students to pitch their business ideas to panels of investors and experienced entrepreneurs.

Highlights are the annual 'Innovation & Entrepreneurship Award' and the 'Made in ESCP' pitching event in Paris. In addition, during the annual Global Entrepreneurs Week, Entrepreneurship Festivals are organised at each of our campuses.
