

At the Chair of Technology and Operations Management (Prof. Dr. Chuanwen Dong) of the **ESCP Business School, Campus Berlin**, a position is to be filled before **01/September/2025** for the role of:

Research Assistant (doctoral candidate, m/f/d)

50% of the regular weekly working hours

What are the tasks?

- Your goal is a doctoral degree in international management at ESCP Business School.
- You will work closely with Prof. Dr. Chuanwen Dong on one of the three topics: sustainable supply chain management, digital platforms, and artificial intelligence methods and applications. The findings of the research are expected to be published in high-quality journals.
- You will participate in activities (such as teaching, thesis supervision) aimed at raising the profile of the chair and ESCP Berlin

What are the requirements?

- You have the passion and curiosity for research in one of the three aforementioned topics. A preference for an academic career in the future is an added advantage.
- You have strong mathematical analysis and/or data analytics skills.
- You will soon receive or have already received your master's degree with good grades in applied mathematics, economics, operations research, computer science, information systems, engineering, data analytics, or other similar disciplines.
- You communicate fluently in written and spoken English. Good knowledge in academic English and German would be an added advantage.

How to apply for this position?

Please send your complete application documents including 1) cover letter, 2) CV, 3) references and certificates, 4) two letters of reference and 5) (as an additional benefit) a two-page research proposal on a topic of your choice via our applicant portal, to:

Prof. Dr. Chuanwen Dong

ESCP Business School, Campus Berlin
Chair of Technology and Operations Management
Director of ESCP Berlin Doctoral Programme
Heubnerweg 8-10, 14059 Berlin
