Alumni SPOTLIGHT

1. What is your favorite memory about your time at ESCP? The whole EMBA was an unforgettable memory. A premium business school, wonderful teachings, amazing professionals, many possible business partners and new lifelong friends.

2. What is one fact/method you learned during your studies that you still apply in your business today? Vuca model: volatility, uncertainty, complexity and ambiguity, very helpful for leadership and strategy in this unpredictable context.

3. What are three skills/habits that you use every day in your job?

- Leadership
- People management
- Negotiation

The EMBA helped me to improve these skills and to apply useful cases and knowledge to my daily work.
